REPORT OF CEMETERY COMMITTEE

During the past year the Cemetery Committee has had the new cemetery area surveyed and a map is being made preparatory to laying out lots and roads. A new exit has been made from Maple Grove thru the new area eliminating the sharp corner on the southwest. Portions of the entrance and exit roads will be paved in the coming year.

The front portion of the new area has been cleared of brush and graded. After roads are constructed the remaining area will be divided into lots and the area will be seeded and landscaped.

Prices established for the lots remaining in the old section are: small lots (10′ x 21′) $50.00
double lots (21′ x 21′) $100.00

The Committee feels there is a need for a custodian and would be most willing to pool resources with the Selectmen, Library Trustees and the School Board in an effort to make such a position financially worthwhile to anyone willing to undertake such a task and also to provide proper maintenance of town property.

ELKINS PUBLIC LIBRARY

Trustees' Report

We can report another good year for the Elkins Library with book circulation up, the interior freshly painted and floor refinished, an after-hour book slot installed and slow but sure progress on the cataloging project.

School use still accounts for the busiest library hours, the most circulation, and the largest portion of book expenditure. Mrs. Caroline Ruesswick and a group of volunteers are in charge at school library time. Until the school is able to provide a good library on their own premises we will continue to be a substitute as best we can. However, in fairness to the adults of the community, we must begin to purchase a much greater quantity of good adult books, bringing both adult fiction and nonfiction sections up to date.

Tuesday evening volunteers have been organized by Mrs. Beverly Hugron. Another group of volunteers works with Mrs. Margery Hopkins on the cataloging project. Progress here is very dependent on the number of typists and markers who are able to volunteer.

The Used Book Stall at the summer fair was very successful. Largely used for book purchases, the library netted $212.11. A small amount of this was used to send all present and former chairmen able to go to the first state-wide Friends of the Library meeting.

During National Library Week and again later in the summer, Mr. William Colburn ran a bookmobile to three locations in town, distributing many books. A result of that was the establishment of a full-time book station

at the Horizon Edge School. Near-by residents find it very convenient to get books from the constantly changing selection kept there.

The library's most pressing need is for more book money. The cost of books has increased over 30% in the last eight years. Our trust funds remain constant, while the needs of the school and increasingly of adults ever grow. Therefore we ask for much increased support in this item from the town.

Another project pending is the piping of water into the library building. A well on library land has been checked monthly and seems to offer an adequate supply. We have been most fortunate to receive donations of a wash basin, toilet, an almost new pump, tank and fittings. If the town provides funds for a septic tank and drainage system, piping and labor, this project could be realized.

Mrs. Margery Hopkins has been our delegate to the Concord District Advisory Council which is a part of the new statewide library development program. She has served as Chairman of the Council. This group is setting up qualifications for affiliation, rules for a state-wide library card, and discussing forms of state aid when the money becomes available.

Great thanks go to all volunteers who man the desk, mend books, and help catalog. Special thanks go to those who donate books either for library use or for the summer sale. We are ever indebted to those far-sighted people who set up trust funds for library purposes. The trustees always welcome suggestions about library hours, books to purchase, and better ways to serve. A library represents an important town resource and investment in education and pure enjoyment for all ages. If your telly blows a tube or you give it a good blow some evening, have your children take you to the library

for a real spectacular. You may find the diet far more satisfying.

This report is not as complete as usual due to circumstances beyond my control. At Town meeting, I will be glad to answer any questions anyone may have. It should be noted that for the second year in a row there has been a substantial increase in circulation. The library is greatly indebted to many people for their gifts of books, time and services.

HARRY HEATH — Chief
HAROLD STREETER — Deputy

REPORT OF THE CANTERBURY VOLUNTEER FIRE DEPARTMENT, INC.

The year was a busy one but due to the alertness of the Lookout Towers, observing citizens and quick action of the fire fighters, losses were very low.

There were 21 runs made by the Fire Department,

1 — House
1 — Barn
1 — Chimney fire
12 — Brush and Grass fires (18.8 acres)
2 — Mutual Aid
4 — False Alarms

The Fire Department Auxiliary donated two new portable radios to the Fire Department.

Carelessness with fire is costing our state and towns thousands of wasted dollars in suppression and hundreds of acres of destroyed woodlands. Yours never to enjoy.

We must all be careful

1. Teach our children the danger of lighting matches.
2. Never discard lighted smoking material from a car or while walking through fields or woods.
3. Safely dispose of rubbish preferably at the Town Dump. If you must burn rubbish or brush:

A. Always get a permit to burn from the Fire Warden; for your convenience, Deputy Warden Harold Streeter is also authorized to issue fire permits.

B. Start your fire late in the day, after 5:00 p. m.

C. If burning a field or brush have equipment and adequate help on hand. The heat from your fire creates its own draft to spread fire.

ROBERT V. LEE, Fire Chief,
Forest Fire Warden

CANTERBURY CIVIL DEFENSE

The Canterbury Civil Defense has, in 1965 responded to several Nationwide alerts.

These alerts require no active participation by Civil Defense teams. Communications was the only necessary acknowledgement of these alerts. On one occasion it was received by both radio and the "Red Phone."

A storage has been constructed to protect, from loss and pilferage, emergency equipment that would be used in local and national emergencies.

The coming year it is hoped we will be able to install, into several buildings of vital importance, emergency electrical power. It would be of utmost importance in case of electrical power failure, in our area, to be able to function and meet any possible emergency that would arise at that time.

Your support of the Civil Defense program is a step which should not be overlooked.

LAWRENCE G. CARBONNEAU,
Director Civil Defense

1965 PLANNING BOARD REPORT

During the past year the Planning Board has directed itself to the problems of the town, as presented at special joint meetings held with the Board of Selectmen, the Board of Adjustment, and a public meeting held with the townspeople.

The net result of these meetings was the development of proposed changes to the Building and Zoning Code which would incorporate the principles expressed at these meetings. A public hearing on these changes as developed was held on February 10, 1966.

In addition, the Planning Board has directed itself to:

(1) The problem of garage space for the town vehicles and equipment.

(2) Development and subdivisions.

(3) Naming and marking of town roads.

(4) Submission of plans for skating on Sam Lake estate.

The Planning Board recommends a closer liaison and relationship between itself and the various agencies of the town, specifically the fire department, the highway department, the library, etc., in order that planning might be centralized in the interest of economy and sound, progressive development.

The planning Board recommends, as being in the best interest of the town, the following:

(1) Adoption of subdivision development regulations.

(2) Implementation of the program of naming and marking of town roads, previously submitted by the

Planning Board and approved and voted at a previous town meeting.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Members of the School Board, Parents and Citizens:

Since our last report the district has lost the services of Mr. Stearns, who advanced to a more responsible position in another school system.

The new principal, Mr. Reinholz, and the staff are working effectively to provide the type of instruction and training so necessary for successful work in high school.

The School Board has devoted long hours to the task of making possible the very best in educational opportunities for Canterbury pupils.

Due to changes in enrollment it has been necessary to make a further division of pupils in the upper grades so that no room will be overcrowded.

The School Board has been directing the process of updating textbooks in several subject matter areas. This process is now largely completed and, with the recent acquisition of a new set of reference books, plus additional science books, the school is better able to accomplish the aims established for it.

New pupil desks have been purchased to accommodate the increased enrollment of this year and the Board is looking forward and making the necessary budget adjustments to provide additional seating for the increased enrollment expected next year.

Pupil transportation service has been improved through the purchase of a new, larger bus. This and other changes and adaptations in the school program have contributed to the successful operation of the school for another year.

It has been a rewarding experience to be involved in this effort and to work with the Board, the principal and the staff in providing these educational opportunities for Canterbury children.

RAYMOND E. MORTON,
Superintendent of Schools

REPORT OF SCHOOL BOARD

Your school board has been operating under seemingly more-than-usual handicaps this year, the two foremost being an unexpected cut-back in state aid funds and the Concord School Board's decision to stop taking new tuition students beginning next fall.

In addition to coping with these, and its regular problems, the board replaced a resigned member, Douglas Ruesswick, with a former member, Richard Stevens; it also replaced its elected treasurer, Robert Pingree, who resigned, with John Margerison; and it is still seeking a regular custodian, to replace Louisa Jackman, who also resigned.

Her duties have been taken over by a member of the teaching staff and some of the older pupils. This situation has been allowed only because no one has been found to assume the duties on a full-time basis for the amount of money available.

The board got an unexpected jolt late last year when Canterbury received only $12,242.00 of State Foundation Aid, instead of the $16,855.00 which it had estimated. State education officials said the amount was smaller than they had anticipated because more school districts had become eligible for aid during the past year, thus the amount appropriated by the legislature had to be cut-up into more but smaller shares.

The sweepstakes is proving to be an unreliable source of income and gave the board a second economic surprise when the revenue estimated at $5,070.00 actually turned out to be $3,789.00.

Combined, the income from these two sources was approximately $6,000.00 less than anticipated.

This income loss, plus the ever-rising costs of education caused the board constant concern over striking a balance between providing the best education that it could, while keeping in mind the limited resources of the property taxpayer.

The substantial budgeted increase for teacher salaries is necessitated by the fact that neighboring towns with which we compete for our teachers are raising salaries to meet the salary schedule adopted by the Merrimack Valley Regional School Board. Your board considers $2,000.00 for teacher salary increases to be the absolute minimum for us to keep good teachers and attract capable replacements.

Teachers are not the only staff members for whom we must raise salaries. Your board proposes a $550.00 increase in custodian's salary because we have been unable to get a suitable person for the job at the present salary. The budget also includes a $500.00 increase for our bus drivers. Most of this increase is to equalize the pay of the two bus drivers. The board considers our district particularly fortunate to have two such capable and responsible persons as Lucien Hildreth and Lucille Keeler as our school bus drivers.

The second primary problem, that of what to do about education for our Grade 9 through 12 students, apparently neared a critical stage when the Concord School Board voted to change its tuition policy after many years. The new policy will eliminate Canterbury from sending new pupils to Rundlett Junior High and Concord High starting in the fall of 1966. The change was of particular concern to Canterbury because it voted not to become a part of the Merrimack Valley School District last year.

Shortly after the Concord decision was made, the board requested the Moderator, Carl Thunberg, to reactivate the Cooperative School Study Committee. Mr.

Thunberg first had to replace Mrs. Catherine Dickson, who resigned with Mr. Everand Young, and in place of Douglas Ruesswick, school board member, he named Mrs. Mary Ellen Fifield.

The Board and the Canterbury Study Committee have been corresponding and meeting with the Merrimack Valley School Board, and the Tilton-Northfield-Sanbornton Cooperative Study Group, to gather information which will allow the district to make an intelligent decision on the feasibility of joining or making satisfactory tuition arrangements with either of the two cooperative districts. We expect to have enough information on which to base such a decision in the near future.
